

## WHAT'S INCLUDED

## USING YOUR NEW INFUSION PRO

### STEP 1

Remove top and bottom lids. Confirm o-rings are securely in place to prevent leaking. Your bottle should already have the o-rings inserted in the lids. If they are missing or damaged, please use the replacement o-rings included in a separate packet. The bottom o-ring will typically be larger or thicker than the top o-ring.

### STEP 2

Remove the infuser cage and fill with your favorite pre-washed fruit, herbs and even edible flowers. Attach and secure the infuser cage to the bottom lid.

### STEP 3

Attach and securely tighten the bottom lid (with infuser cage) to the bottle.

### STEP 4

Fill with filtered water. Attach and securely tighten the top lid to the bottle.

### STEP 5

For best flavor, infuse for 1-4 hours.

### STEP 6

Enjoy your **HYDRATION** experience!

## CLEANING YOUR NEW INFUSION PRO

Disassemble all bottle parts before cleaning except the silicone band. To maintain best quality, silicone band should remain in place.

Wash all parts thoroughly with warm, soapy water and rinse well before first use.

After each use, clean all parts with warm, soapy water.

Store your bottle with parts disassembled to allow for complete drying.

## PRO TIPS

To use as a regular sport water bottle, simply remove the infuser cage.

Can be used for hot or cold beverages.

We've included 2 spare o-rings for your convenience should you need a replacement.

**LARGE  
CAPACITY**

**WIDE  
MOUTH LID**

**18/8 DOUBLE  
WALL STAINLESS  
STEEL**

### **CAUTION**

Not for use with carbonated beverages.

Top rack dishwasher safe. Because dishwasher heat settings may vary, handwashing is recommended to maintain best quality.

BPA free plastic parts are designed for normal use and may sustain damage if dropped onto hard surfaces.

DO NOT overfill. Fill liquid to just below the threading of the bottle.

DO NOT microwave or freeze.

DO NOT continue to use if damaged.
